Such changes will never occur more than once per year and will not exceed 20%. If your premium changes, we will notify you in writing, by regular mail or by email (to the last address made known to us), at least 30 days before your change is to take effect.

4. Claim Process

- a. You must submit a fully completed claim form and supporting invoice(s) within 90 days of the treatment date. You can download a claim form from the member portal on our website at www.trupanion.com or you may contact our call center at 1-800-569-7913 and we will mail, email or fax one to you.
- b. The complete medical history/records associated with your pet are required to process any claim. You agree to provide to us all medical history/records associated with your pet. You authorize us, at the time of enrollment, to contact any and all veterinary clinics or hospitals in your area to obtain all available medical records that exist for your pet. You authorize any and all veterinary clinics or hospitals to release to us all medical records that may exist for your pet. Failure or refusal to disclose a complete medical history for your pet when requested may result in the denial of your claim(s) and the voiding of your policy. If your policy is voided, the policy premium paid will be refunded to you.
- c. In the event of a disagreement between you and us concerning the coverage of a claim, you may request review of Trupanion's denial pursuant to our voluntary denied claims review process. If Trupanion affirms denial of your claim, you may further request that your claim be reviewed by an independent third-party veterinarian ("ITPV") to adjudicate whether the medical reasoning for denial is justified. The ITPV's decision shall be final and binding on Trupanion.
- d. Your claim is payable within 60 days after submission of a completed claim form and supporting documentation, unless state or provincial law provides for a shorter period.
- e. You may have your claims paid directly to the treating veterinarian if an arrangement to do so exists between Trupanion and the treating veterinarian.

5. General Conditions

- a. Premiums are payable monthly. This policy is continued until cancelled, and will renew automatically each month as long as premium payments are current. If premiums are unpaid, we may cancel this policy by sending a notice of cancellation to you at your last known address at least 20 days before the effective date of cancellation.
- b. You may cancel your policy by notifying us in writing via mail, fax or email.
- c. If you cancel your policy for any reason within the first 30 days, and you have not submitted a claim within that period, you will receive 100% of your money back.
- d. Insurance fraud unfairly increases premiums for all policyholders. Thus, if you provide us with false information, or make a false, exaggerated, or otherwise dishonest claim with us, we may not pay your claim, we may void your policy and we may inform the authorities.
- e. You must be the owner of the insured pet. If the pet owner dies, becomes unable to care for the insured pet, or transfers the ownership of the insured pet, we are happy to arrange continued coverage if we are contacted within 30 days.
- f. A pet is covered under this policy only while the pet is in the United States of America, Puerto Rico or Canada.
- g. This coverage is not transferable to other pets.
- h. Conditions arising from repeated activity may be excluded by us if you have been notified in writing that claims arising from that activity will no longer be covered. If there is a repeated activity that is to be excluded from your policy, we will notify you in writing, by regular mail or by email (to the last addresses made known to us), at least 30 days before the change is to take effect.
- i. We will not make payments for claims for which you are entitled to indemnity under any other insurance, except for:
 - (1) Any additional sum which is payable over and above such other insurance;
 - (2) Any contribution that we are obliged to make by law;
- j. Qualifications – all veterinary treatment must be endorsed and provided by a veterinarian with the necessary training and experience, or staff under the veterinarian's direct supervision.

- k. When this policy's provisions are in conflict with the statutes of the state or province in which this policy is issued, the provisions are amended to conform to such statutes.
- l. Entire contract – This policy, the declaration page, and any attached endorsement(s) contain all the agreements between you and us.
